Dear Ms. Fischer:

We couldn't do it with out you and your fellow employees! Their financial support makes it possible for the circle to be complete:

"Sylvia (an LVT student) wants to volunteer with Reading Seed*. She loves kids and is very good with them. She really wants to pay forward what she has learned. I told her to go for it and that she would be fantastic. She can relate and she has such a big heart. This is a testament to how much her confidence has grown. This is the same woman who sat in the parking lot at LVT for a half an hour working up the courage to come in and ask for help. Now she wants to be the helper. I am so proud of her and I know she would be an asset to Reading Seed."

An LVT Tutor

*Reading Seed trains volunteers to coach 1st, 2nd and 3rd grade children to better their reading skills.

Thank You! The donations of \$365.91 & \$7.23, paid by checks (#22969) and (#23071), will be put right to work supporting the educational growth of our students. Through you, powerful things are happening in the lives of our students and subsequently, in our community.

What a gift the State employees have given! Thank you.

My sincere gratitude,

Betty Stauffer
Executive Director

We are truly grateful. Thank you
